

should have come in as revisors bills but were not and can be put on in the General File without a hearing. The other two, 1576 which is the second one, is a corrections bill which came about as a result of our interim studies and particularly from our citizens conference on corrections and a...a..has been recommended by the Governor to set up specific divisions in the department of correctional services, a very necessary bill for the order of the administration of that department. The last one, is the third bill which was requested by Mr. Dunlevey and the a...a..the Court Administrator and that is for a constitutional amendment which will allow the Supreme Court to merely appoint the necessary officers they need to run the court rather than to put into the constitution a that there be a clerk of the Supreme Court which is now the case which is a rather ridiculous thing in this day and age because you need more than just a clerk to operate a Supreme Court.

PRESIDENT: You have heard Senator Luedtke's explanation of the three bills, now the first motion is to suspend the rules then for the introduction of these bills, but it does the same motion does not cover the introduction. This is just to suspend the rules so that the rules or that the bills might be introduced. All those in favor of suspending the rules vote aye, those opposed vote no. Motion to suspend the rules requires 30 votes. Motion is to suspend the rules. For the Introduction of these bills. This is for the suspension of the rules only. I'll wait for you Senator Duis. Senator Luedtke's motion requires 30 votes. Question is shall you suspend the rules and introduce the bills. Alright, thank you. Clerk will record.

CLERK: 32 ayes, Mr. President.

PRESIDENT: Very good, now Senator Luedtke, the Chair understands that your next motion is to introduce the three bills right?

CLERK: Read motion.

PRESIDENT: Four bills, thank you. Any further discussion of the bills. Senator Syas.

SENATOR SYAS: I have one question (malfunction of the machine) the Clerk knows this for years and years without coming in at this late date.

SENATOR LUEDTKE: Yes, I think that they did George. I'll have a to admit that they did.

SENATOR SYAS: Why are they coming in now?

SENATOR LUEDTKE: However, the court administrator has been trying to get this put together and he has been terribly swamped with all kinds of bills that we ourselves and I'll take the discredit with some of it we have been keeping him awfully busy helping the Judiciary Committee.

SENATOR SYAS: I just can't believe that in all of this interim that they couldn't seen this in the constitution.

SENATOR LUEDTKE: Well, it is just a thing that ought to be taken care of that's all.
